

FBINAA

55th National Annual Training Conference

July 20 – 23, 2019 | Phoenix, Arizona

Conference Give Back Program

A toy may seem like a small gift, but it can go a long way to help a sick child get through a painful medical procedure. A Phoenix-based organization called Andrea's Closet (<http://andreascloset.org>) was created to assist children when facing medical treatment. Toys are sent to local hospitals to give to children facing frightening medical treatments such as cancer, burns, surgeries or other procedures. The hospital staff have access to toys so that children can pick a toy for comfort.

Come to the conference with a new and unwrapped toy or stuffed animal. Items will be collected at the Information & Activity Desk. In exchange for your generosity we will give you a FBINAA Boardroom t-shirt for free. If you are unable to bring a toy you can purchase a t-shirt. The amount you pay will be donated to the Arizona Make-A-Wish (<http://arizona.wish.org/>).
